ITEMS FOR COUNCIL ACTION

Council President Duckwall stated that the Budget Committee met and discussed the request from Angie Bever-Bonham, Community Corrections, to raise her part time people from \$10.50/\$11.00 to \$13.50 an hour, like some of the Courthouse employees make. The Committee decided to address this issue at budget time and not raise it at this time.

President Duckwall asked the Auditor if she could change any budget that requested a raise for the employees to the amount they currently make (since Department heads were asked to turn in their budgets with no raises). The Auditor replied that she did not have the authority to do that. All Department heads have the right to turn in their budget as they see their needs. President Duckwall asked if the Council could approve a motion to have the Auditor change the budgets that requested raises. The Auditor replied that would not give her the authority to change some budget request numbers. Councilman Manning asked if she could write the correct numbers on the far right side of the budget form. The Auditor replied that she though she could do that.
